

231006_ Strategy Project Closing Event

On 06 October 2023, **Dr. János Pálhalmi**, from **DataSenseLabs Ltd.**, represented HoloZcan Project, and attended the **closing event of STRATEGY Project** in Athens, Greece.

STRATEGY brings together **standardisation bodies, policy makers, technology suppliers and first responders** from several **EU countries** who will collaborate over three years to improve the interoperability of **crisis management solutions** both within and between countries (09/2020-08/2023).

Collaborating with them allowed to **build synergies** and to learn more about the **standardization protocols of CBRNE**, Security and Defence related R&D processes and applications.

Pictured are **Mr. Giannis Chasiotis**, from SATWAYS as STRATEGY Project coordinator and **Dr. János Pálhalmi**, Scientific Coordinator of HoloZcan from DataSenseLabs Ltd.
