

## 26 June 2023 – Artificial Intelligence Workshop

On 26-27 June, Project [HOLOZCAN](#) held a two-day [#AI #Workshop](#), with IDEAS Science, Polimi, DataSenseLabs & Institut Pasteur to discuss how AI-based image processing might be applicable in our [#recognition #software](#).

A special thanks to Francesca Pennati, [Praveen Rahi](#), Andrea Aliverti, Béla Mihailk, [Janos Palhalmi, PhD](#), and [Alessandro Molani](#) who presented the status of his [#PhD #research](#) on [#Holographic #Microscopy](#) [#DeepLearning #ImageProcessing #science #H2020](#)
